Allows the city of Duluth to increase its existing one cent local sales tax by another ½ cent, based on the approval of the voters at the 2017 general election. Revenues from the additional ½ cent tax must be used to fund capital and administrative costs of road, bridge, sidewalk, and related improvements as outlined in the Duluth Street Improvement Program adopted on August 8, 2017.

The city may issue an unspecified amount of bonds for the authorized projects without additional referendum until the tax terminates. The extra ½ cent tax terminates at the earlier of 25 years or when the city council determines that sufficient revenues have been raised to fund the projects, or at an earlier date if the city council so desires.

Effective the day after the city files the required notice with the secretary of state.
